

How to use the discount coupon for Hokkai Suisan's 31 year anniversary

Thank you for choosing Hokkai Suisan.

In May we celebrate our 31 years anniversary. We would like to express our appreciation to you on this special occasion: we present **a 10 euro discount coupon** for customers who order for the month of May. The discount coupon will be delivered to you together with the delivery of the products of your May order. (You only receive the coupon with an order that you are having delivered. Offer is not valid for orders with pick-up in IJmuiden.)

Please note the following:

You can use the coupon for a 10 euro discount on products that you order. The products' order amount after applying the discount needs to be over the minimum order amount.

The coupon can be used from 1 June 2024 through 31 August 2024.

The above dates concern the moment you place your order, irrespective of when the delivery day is. You can only use the coupon code one time and on one order. You cannot combine the coupon with other coupons.

Example:

Order placed on 31 August 2024 with delivery in September: coupon is valid

Order placed on 31 May 2024 with delivery in June: coupon is NOT valid

The coupon can only be used when placing an online order. It is not valid if you order by sending an Excel sheet to us by e-mail.

The coupon can only be used for an order that you are having delivered, not for an order that you come to pick up in IJmuiden.
